

## Soil

### GROWMATE™ SOIL PRODUCT BULLETIN

#### FUNCTION

Soil enhancer

#### GENERAL INFORMATION

GrowMate™ Soil is recommended for most crops including vegetable crops, field crops, citrus, turf, flowers grown in green-houses, hydroponics and particularly soils with less than 4% organic matter. GrowMate™ Soil is an all natural, highly-effective liquid soil conditioner, rich in humic acids designed for soil application. Humic Acids are a fraction of humic substances, they are soluble in water under alkaline pH conditions, and they precipitate in acid and are dark in color.

#### BENEFITS OF GROWMATE™ SOIL

Enhances absorption of nutrients.  
Improves plant fertilizer use efficiency.  
Improves water infiltration & retention.  
Improves root growth and development.

Does GrowMate™ Soil replace fertilizer? GrowMate™ Soil is not intended to replace fertilizers: however, it is an excellent complement to fertilizers. GrowMate™ Soil will optimize your fertilizer program by the benefits listed above.

#### METHODS AND RECOMMENDATIONS OF PREPARATION AND APPLICATION

When ready to use GrowMate™ Soil, shake the bottle well, then mix 1 gallon of the product thoroughly into 50 gallos of water per acre. GrowMate™ Soil is easy to apply and safe to use in all types of irrigation systems and liquid applications sprayers.

#### USAGE WARNINGS

This product should not be ingested and contact with eyes must be avoided. In case of contact with eyes, flush with water. The use of protective equipment (industrial lenses) is suggested. May cause skin irritation.

#### TRANSPORTATION AND STORAGE RECOMMENDATIONS

Store in a cool dry place at temperatures between 45°F (7°C) and 100°F (38°C). Do not store in direct sunlight. Keep it tightly closed in its original packaging.
